PROXY STATEMENT

GENERAL INFORMATION

Proxy Solicitation

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Trex Company, Inc. for use at Trex Company's 2004 annual meeting of stockholders to be held at Hampton Inn, 1204 Berryville Avenue, Winchester, Virginia, on Wednesday, April 28, 2004, at 9:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

Trex Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by use of the mails, officers and other employees of Trex Company may solicit proxies by personal interview, telephone, e-mail and telegram. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. Trex Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. Trex Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

A list of stockholders entitled to vote at the annual meeting will be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours for a period of ten days before the meeting at Trex Company's offices at 160 Exeter Drive, Winchester, Virginia 22603-8605, and at the time and place of the meeting during the whole time of the meeting.

This proxy statement and the enclosed proxy card are first being mailed to Trex Company's stockholders on or about March 26, 2004.

Voting and Revocability of Proxies

A proxy for use at the annual meeting and a return postage-paid envelope are enclosed. Stockholders may also vote their shares through the Internet or by telephone by following the instructions provided on the enclosed proxy card.

Shares of Trex Company's common stock represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in such proxy. If no instructions are indicated, such shares will be voted **FOR** the election of the three director nominees to Trex Company's board of directors and **FOR** the proposal to ratify the appointment of Ernst & Young LLP as Trex Company's independent auditors for the 2004 fiscal year. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any other matter is properly presented at the annual meeting for action, including a proposal to adjourn or postpone the annual meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the accompanying proxy will vote on such matter in their own discretion.

A vote through the Internet or by telephone may be revoked by executing a later-dated proxy card, by subsequently voting through the Internet or by telephone, or by attending the annual meeting and voting in person. A stockholder executing a proxy card also may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to Trex Company's Secretary, by subsequently filing another proxy bearing a later date or by attending the annual meeting and voting in person. Attending the annual meeting will not automatically revoke a stockholder's prior Internet or telephone vote or the stockholder's proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary.

Voting Procedure

All holders of record of the common stock at the close of business on March 12, 2004 will be eligible to vote at the annual meeting. Each holder of common stock is entitled to one vote at the annual meeting for each share held by such stockholder. As of March 12, 2004, there were 14,708,608 shares of common stock outstanding.

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. Votes cast in person or by proxy at the annual meeting will be tabulated by the inspector of election appointed for the annual meeting, who will determine whether or not a quorum is present. Abstentions and any broker non-votes, which are described below, will be counted for purposes of determining the presence of a quorum at the annual meeting.

The election of directors requires a plurality of the votes cast for the election of directors. Accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to ratify the appointment of Trex Company's independent auditors. An abstention from voting on this proposal will have the same effect as a vote against the proposal.

Broker-dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically include the election of directors, when they have not received instructions from the customer. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given. A broker non-vote will not affect whether any proposal to be acted upon at the annual meeting is approved.

Annual Report to Stockholders and Other Information

A copy of Trex Company's annual report to stockholders for the 2003 fiscal year accompanies this proxy statement. Trex Company is required to file an annual report on Form 10-K for the 2003 fiscal year with the SEC. Stockholders may obtain, free of charge, a copy of the 2003 Form 10-K, without exhibits, by writing to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary. The annual report on Form 10-K is also available through Trex Company's web site at <http://www.trex.com>. The annual report to stockholders and the Form 10-K are not proxy soliciting materials.

We also make available on our web site at <http://www.trex.com> and in print to any stockholder who requests them copies of our corporate governance principles, our code of conduct and ethics, and the charters of each

standing committee of our board of directors. Requests for copies of these documents should be directed to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary.

Important Notice Regarding Delivery of Stockholder Documents

If you and other residents at your mailing address own common stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report to stockholders and proxy statement for each company in which you hold shares through that broker or bank. The practice of sending only one copy of an annual report to stockholders and proxy statement is known as “householding.” If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of Trex Company’s annual report to stockholders and proxy statement to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to Householding Department, 51 Mercedes Way, Edgewood, New Jersey 11717 (telephone number: 1-800-542-1061). In any event, if you did not receive an individual copy of Trex Company’s annual report to stockholders or this proxy statement, and wish to do so, Trex Company will send a copy to you if you address your written request to or call Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary, or call Trex Company at 540-542-6300. If you are receiving multiple copies of the annual report to stockholders and proxy statement, you can request householding by contacting Trex Company in the same manner. Trex Company encourages you to participate in this program. It will reduce the volume of duplicate information received at your household, as well as reduce Trex Company’s expense.

ELECTION OF DIRECTORS

Nominees for Election as Directors

Trex Company’s certificate of incorporation provides that the board of directors is to be divided into three classes of directors, with the classes to be as nearly equal in number as possible. The current terms of office of the three current classes of directors expire at this annual meeting, at the annual meeting of stockholders in 2005 and at the annual meeting of stockholders in 2006, respectively. Upon the expiration of the term of office of each class, the nominees for such class will be elected for a term of three years to succeed the directors whose terms of office expire.

William F. Andrews, Paul A. Brunner and Andrew U. Ferrari have been nominated for election to the class with a three-year term that will expire at the annual meeting of stockholders in 2007. All three nominees are incumbent directors and have been recommended to be nominated for re-election to the board of directors by the nominating/corporate governance committee and nominated for re-election by the board of directors. Mr. Andrews has served on the board of directors since Trex Company’s initial public offering in April 1999. Mr. Ferrari has served on the board of directors since Trex Company’s formation in September 1998. Mr. Brunner has served on the board of directors since February 2003.

Approval of Nominees

Approval of the nominees requires the affirmative vote of a plurality of the votes cast at the annual meeting. Unless authority to do so is withheld, it is the intention of the persons named in the proxy to vote such proxy **FOR** the election of each of the nominees. In the event that any nominee should become unable or unwilling to serve as a director, the persons named in the proxy intend to vote for the election of such substitute nominee for director as the board of directors may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

The board of directors unanimously recommends that the stockholders of Trex Company vote FOR the election of the nominees to serve as directors.

Board of Directors and Committees of the Board of Directors

The board of directors currently consists of seven directors. The board of directors currently has a standing audit committee, a standing compensation committee and a standing nominating/corporate governance committee. The board of directors held six meetings during Trex Company's 2003 fiscal year. During fiscal 2003, each director attended at least 75% of the aggregate of the total number of meetings of the board of directors and of each committee of the board of directors on which such director served. All of the directors attended the annual meeting of stockholders in 2003.

The audit committee, which held five meetings during fiscal 2003, currently consists of Mr. Brunner, who is the Chairman, Mr. Andrews and Mr. Martin. Mr. Brunner was appointed to the audit committee on February 23, 2003 at the time of his appointment to the board of directors. Mr. Martin served as the Chairman of the audit committee until May 8, 2003, at which time Mr. Brunner was appointed as Chairman. Ms. Robinson served as a member of the audit committee until May 8, 2003. The board of directors has determined that each of the members of the audit committee satisfies the independence standards of the New York Stock Exchange. The board of directors also has determined that Mr. Brunner is an "audit committee financial expert" as such term is defined in Item 401(h)(2) of Regulation S-K promulgated by the SEC. The audit committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing Trex Company's independent auditors, pre-approving all audit and non-audit services by the independent auditors, reviewing the scope of the audit plan and the results of each audit with management and the independent auditors, reviewing the internal audit function, reviewing the adequacy of Trex Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in Trex Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to Trex Company's code of conduct and other policies and procedures regarding adherence with legal requirements. The audit committee's duties are set forth in the committee's charter, which was last amended by the board of directors in February 2004.

The compensation committee, which held four meetings during fiscal 2003, currently consists of Ms. Robinson, who is the Chairman, Mr. Andrews and Mr. Martin. This committee is responsible for establishing the compensation and benefits of Trex Company's executive officers, monitoring compensation arrangements applicable to management employees for consistency with corporate objectives and stockholders' interests, and administering Trex Company's 1999 Stock Option and Incentive Plan.

The nominating/corporate governance committee, which held four meetings during fiscal 2003, currently consists of Mr. Andrews, who is Chairman, Mr. Martin and Ms. Robinson. The committee is responsible for recommending candidates for election to the board of directors and for making recommendations to the board of directors regarding corporate governance matters, including board size and membership qualifications, board committees, corporate organization, selection and succession planning for officers and key executives, programs for training and development of executive-level employees, and stockholder proposals regarding these matters.

Director Nominations Policy

The board of directors has, by resolution, adopted a director nominations policy. The purpose of the nominations policy is to describe the process by which candidates for possible inclusion in our recommended slate of director nominees are selected. The nominations policy is administered by the nominating/corporate governance committee of the board of directors.

The board of directors does not currently prescribe any minimum qualifications for director candidates. Consistent with the criteria for the selection of directors approved by the board of directors, the nominating/corporate governance committee will take into account Trex Company's current needs and the qualities needed for board service, including experience and achievement in business, finance, technology or other areas relevant to Trex Company's activities; reputation, ethical character and maturity of judgment; diversity of viewpoints, backgrounds and experiences; absence of conflicts of interest that might impede the proper performance of the responsibilities of a director; independence under SEC and NYSE rules; service on other boards of directors; sufficient time to devote to board matters; and ability to work effectively and collegially with other board members. In the case of incumbent directors whose terms of office are set to expire, the nominating/corporate governance committee will review such directors' overall service to Trex Company during their term, including the number of meetings attended, level of participation, quality of performance and any transactions of such directors with Trex Company during their term. For those potential new director candidates who appear upon first consideration to meet the board's selection criteria, the nominating/corporate governance committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates.

The nominating/corporate governance committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, Trex Company's advisors, and executive search firms. The committee will consider director candidates recommended by stockholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. In making recommendations for director nominees for the annual meeting of stockholders, the nominating/corporate governance committee will consider any written recommendations of director candidates by stockholders received by the Secretary of Trex Company no later than 120 days before the anniversary of the previous year's annual meeting of stockholders. Recommendations must include the candidate's name and contact information and a statement of the candidate's background and qualifications, and must be mailed to Trex Company, Inc., 160 Exeter Drive, Winchester, VA 22603-8605, Attention: Secretary.

The nominations policy is intended to provide a flexible set of guidelines for the effective functioning of Trex Company's director nominations process. The nominating/corporate governance committee intends to review the nominations policy at least annually and anticipates that modifications may be necessary from time to time as Trex Company's needs and circumstances evolve, and as applicable legal or listing standards change. The nominating/corporate governance committee may amend the nominations policy at any time, in which case the most current version will be available on our web site at <http://www.trex.com>.

Trex Company's bylaws provide that any stockholder wishing to nominate persons for election as directors at an annual meeting must deliver to the Secretary of Trex Company at Trex Company's principal office in Winchester, Virginia, a written notice of the stockholder's intention to make such a nomination. The stockholder generally is required to furnish the notice no earlier than 120 days and no later than 90 days before the first anniversary of the preceding year's annual meeting. The notice must include the following information: (1) such information regarding each proposed nominee as would be required to be disclosed under SEC rules and

regulations in solicitations of proxies for the election of directors in an election contest or otherwise; (2) the written consent of each proposed nominee to serve as a director of Trex Company; and (3) as to the stockholder giving the notice and the beneficial owner, if any, of common stock on whose behalf the nomination is made, (a) the name and address of record of such stockholder and the name and address of such beneficial owner, (b) the class and number of shares of Trex Company's capital stock that are owned beneficially and of record by such stockholder and such beneficial owner, (c) a representation that the stockholder is a holder of record of Trex Company's capital stock entitled to vote at such meeting and intends to appear, in person or by proxy, at the meeting to propose such nomination and (d) a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends to (A) deliver a proxy statement or form of proxy to holders of at least the percentage of Trex Company's outstanding capital stock required to elect the nominee or (B) otherwise solicit proxies for stockholders in support of such nomination. Trex Company may require any proposed nominee to furnish such other information as Trex Company may reasonably require to determine the eligibility of such proposed nominee to serve as a director of Trex Company.

Communications with the Board of Directors

The board of directors welcomes communications from its stockholders and other interested parties and has adopted a procedure for receiving and addressing those communications. Stockholders and other interested parties may communicate any concerns they may have about us directly and confidentially to either the full board of directors or the non-management directors as a group, or to any individual director, at the following address: Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary. A stockholder or other interested party may also call our governance hotline at 1-800-719-4916 and press "2" for the Secretary. An independent third party vendor maintains our governance hotline, and all calls are e-mailed immediately to the Secretary. The Secretary will review and forward all stockholder communications and other communications from interested parties to the intended recipient, except for those communications that are outside the scope of board matters or duplicative of other communications by the applicable person.

Director Compensation

Fees. Under Trex Company's Amended and Restated 1999 Incentive Plan for Outside Directors, which is referred to in this proxy statement as the "Outside Director Plan," for the first two quarters of 2003 directors who are not employees of Trex Company received an annual fee paid in the form of (1) stock options valued at \$20,000, based on the Black Scholes valuation model, and (2) \$20,000 in cash, stock options, or cash and stock options based on the percentages of these forms of consideration elected by the serving director. In July 2003, the board of directors amended the Outside Director Plan to provide, beginning with the third quarter of 2003, for the payment to outside directors of (1) an annual director fee of (a) stock options to purchase 1,500 shares, and (b) \$20,000; and (2) annual committee fees of (a) \$10,000 for the audit committee chairman, (b) \$5,000 for each audit committee member (other than the chairman), (c) \$5,000 for the nominating/corporate governance committee chairman and the compensation committee chairman, and (d) \$2,500 for each nominating/corporate governance committee member and compensation committee member (other than the chairmen). The monetary portion of the annual director fee and the annual committee fees are paid in the form of cash, stock options (based on the Black Scholes valuation model), or a combination of cash and stock options, based on the percentages of these forms of consideration elected by the serving director. The stock options for 1,500 shares are granted on the date of the first regularly scheduled board of directors meeting after July 1 each year. The monetary portion of the annual director fee and the annual committee fees are paid in four equal quarterly installments in arrears on the first business day following each quarter of the fiscal year in which the eligible director serves. The table below shows compensation paid to the outside directors for service in 2003.

Stock Option Grants. Trex Company's current policy is to grant outside directors options to purchase 1,500 shares of common stock upon their initial appointment to the board of directors. The options are granted under Trex Company's Amended and Restated 1999 Stock Option and Incentive Plan, which is referred to in this proxy statement as the "Stock Incentive Plan."

The exercise price per share under each option granted to an outside director upon appointment or in payment of annual director fees and annual committee fees is the fair market value of the common stock on the option grant date. Each such option awarded in 2003 and in subsequent periods vests on the first anniversary of the option grant date. No option is exercisable more than ten years after the option grant date. Upon the termination of a non-employee director's service for any reason (other than for cause), any options granted to the director under the Stock Incentive Plan will vest, and the director will have the right, at any time within five years after the date of termination of service and prior to termination of the options, to exercise any options held by the director on the service termination date.

The value shown is computed by multiplying the closing market price of common stock on the grant date by the number of shares awarded, net of the consideration (equal to the par value of such stock) paid by Mr. Monahan. The value shown does not take into account the diminution in value attributable to the restrictions applicable to the shares of common stock. The restricted stock award vests over a five-year period in approximately three equal installments beginning on the third anniversary of the grant date. Upon the occurrence of certain events described in the Stock Incentive Plan, such as a merger, consolidation or reorganization of Trex Company with one or more other entities in which Trex Company is not the surviving entity or upon a sale of substantially all of the assets of Trex Company to another entity, the unvested portion of the award will become immediately vested in accordance with the terms of the restricted stock agreement and the Stock Incentive Plan. option is exercised and sold on the last day of the option term for the appreciated share price. Potential realizable value is net of the option exercise price. The assumed rates of appreciation are specified in the rules and regulations of the SEC and do not represent Trex Company's estimate or projection of future prices of the shares. There is no assurance provided to any named executive officer or any other holder of common stock that the actual stock price appreciation over the term of the applicable options will be at the assumed 5% and 10% levels or at any other defined level.

Report of the Compensation Committee

The compensation committee of the Trex Company, Inc. board of directors, which is composed exclusively of independent directors, offers this report regarding its executive compensation policy and compensation program in effect for fiscal 2003 for Trex Company's chief executive officer and Trex Company's other executive officers. This report, as well as the performance graph included in this proxy statement are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of Trex Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language in any such filing.

Compensation Policy. The overall goal of the committee is to develop compensation policies and practices that support the attainment of Trex Company's strategic business objectives. The committee uses the services of independent executive compensation consultants in developing and evaluating compensation plans to achieve these objectives.

The committee compares executive compensation levels for the chief executive officer and Trex Company's other executive officers to the compensation of executives employed by companies considered to be in Trex Company's peer group, which is a broad group of comparably sized manufacturing companies that includes some of the companies in our peer group reflected in the performance graph included in Trex Company's proxy statement. The committee also compares Trex Company's short-term and long-term results to the performance of comparable companies. The structure and benefits of Trex Company's compensation program are intended to be competitive with other programs for similarly placed employees of other comparably sized manufacturing companies. The committee generally looks to set overall compensation levels above the levels of companies in Trex Company's peer group, which tends to be approximately midway between the 50th and 75th percentiles of comparably sized manufacturing companies.

Trex Company's executive compensation program includes a base salary, annual cash bonuses and long-term incentive compensation in the form of stock option awards and other equity-based awards. Overall, these programs are intended to link executive compensation to Trex Company's performance. The committee believes that a substantial portion of cash compensation should be tied to performance-based objectives. To encourage equity ownership by Trex Company's executives and to link executive compensation with increases in stockholder value, the committee's policy is to provide that a significant portion of total executive compensation will be in the form of performance based stock option grants.

Base Salary. Base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the executive, and the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at public companies in Trex Company's peer group. Base salaries for executive officers are reviewed annually by the committee based upon, among other things, individual performance and responsibilities.

Annual Cash Bonuses. Trex Company pays annual cash bonuses to its executive officers based upon the achievement of a net income objective. This objective is established at a level that is intended to assure that, if achieved, the level will represent a significant improvement in stockholder value. Executive officers have the opportunity to earn cash bonuses equal to a varying percentage of their base salary, depending upon the attainment of between 85% and 120% of a net income objective for the fiscal year. If Trex Company exceeds 120% of the fiscal year objective, the compensation committee may award an additional bonus to its executive officers.

Applying the bonus formula specified for fiscal 2003, the committee approved an annual bonus for the chief executive officer equal to 76.7% of his target annual bonus, and approved annual bonuses for the chief executive officer and other executive officers as a group equal to 72.3% of target annual bonuses.

Long-Term Incentive Compensation. In determining the amount of stock option awards under the 1999 Stock Option and Incentive Plan, the committee considers each executive's current performance and anticipated future contributions to Trex Company's performance, as well as the amount and terms of the options previously granted to the executive by Trex Company. The committee in fiscal 2004 approved the grant of stock options under the 1999 Stock Option and Incentive Plan for 21,111 shares of common stock to the chief executive officer and for a total of 42,521 shares of common stock to the executive officers in the aggregate, including the chief executive officer. The grant of stock options to the chief executive officer and the other executive officers in fiscal 2004 was based on the committee's assessment of both the past contributions of the executive officers and their anticipated role in increasing stockholder value.

All stock options granted to executive officers in fiscal 2004 were non-qualified stock options with an exercise price that was equal to the fair market value of Trex Company's common stock on the date of grant. The options increase in value only to the extent of appreciation in the common stock, thereby providing a clear link to enhancement of stockholder value. To emphasize the long-term incentive provided by these stock options, the options vest in equal increments over a four-year period.

Potential Effect of Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code of 1986 generally sets a limit of \$1 million on the amount of compensation paid to executive employees (other than enumerated categories of compensation, including performance-based compensation) that may be deducted by a publicly traded company. The committee's policy is to seek to qualify executive compensation for deductibility to the extent that such a policy is consistent with Trex Company's overall objectives and executive compensation policy. Compensation attributable to stock options and other awards granted under the 1999 Stock Option and Incentive Plan currently is excluded from the \$1 million limit as "qualified performance-based compensation" contained in applicable Treasury regulations. The committee believes that no compensation for fiscal 2003 is at risk of not being fully deductible.

Compensation Committee Interlocks and Insider Participation

The compensation committee of the board of directors during fiscal 2003 was composed of Patricia B. Robinson, who was the Chairman, William F. Andrews and William H. Martin, III. There are no interlock relationships as defined in the applicable SEC rules.

Pursuant to the agreement, Mr. Ferrari will perform consulting services relating to the development of new business opportunities for Trex Company. The agreement was entered into as of March 17, 2003, extended twice in 2003 and, with the current extension, is in effect until June 16, 2004. Stockholder Return Performance Graph

The following graph and table show the cumulative total stockholder return on Trex Company's common stock compared to the Russell 2000 Index, a self-constructed peer group index, and the Standard & Poor's 600 Building Products Index for the periods between April 8, 1999, which was the date the common stock began trading on the New York Stock Exchange, and December 31, 2003, which was the last trading day in fiscal 2003. The peer group index is composed of the following public companies: U.S. Plastic Lumber Corp. and Advanced Environmental Recycling Technologies, Inc., each of which markets non-wood decking alternative products; and Masco Corporation, Elcor Corporation, Restoration Hardware, Inc., American Woodmark Corporation and Ethan Allen Interiors Inc., each of which emphasizes product branding and engages in manufacturing and distribution of products to the building and consumer products industries. The graph assumes \$100 was invested on April 8, 1999 in (1) Trex Company common stock, (2) the Russell 2000 Index, (3) the peer group index and (4) the S&P 600 Building Products Index, and assumes reinvestment of dividends and market capitalization weighting as of April 8, 1999 and December 31, 1999, 2000, 2001, 2002 and 2003. In future years, Trex Company intends to substitute the S&P 600 Building Products Index for the peer group index because the companies in the S&P 600 Building Products Index are more comparable to Trex Company in terms of market capitalization and line-of-business.

**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS
(Proposal 2)**

The audit committee of the board of directors has appointed Ernst & Young LLP as Trex Company's independent auditors for Trex Company's fiscal year ending December 31, 2004. The board of directors is submitting the selection of independent auditors for stockholder ratification at the annual meeting.

A representative of Ernst & Young will attend the annual meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions from stockholders.

Trex Company's bylaws do not require that stockholders ratify the appointment of Ernst & Young as Trex Company's independent auditors. Trex Company is asking its stockholders to ratify this appointment because it believes such a proposal is a matter of good corporate practice. If the stockholders do not ratify the appointment of Ernst & Young, the audit committee will reconsider whether or not to retain Ernst & Young as Trex Company's independent auditors, but may determine to do so. Even if the appointment of Ernst & Young is ratified by the stockholders, the audit committee may change the appointment at any time if it determines that a change would be in the best interests of Trex Company and its stockholders.

The independent auditors and management are required to report periodically to the audit committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval and the fees for the services performed to date. The audit committee may also pre-approve particular services on an engagement-by-engagement basis.

During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent auditors. The audit committee has the authority to delegate pre-approval authority to a subcommittee of the audit committee consisting of one or more of its members.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Trex Company's directors and executive officers and persons who own more than 10% of a registered class of Trex Company's equity securities to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Trex Company. The reporting persons are required by rules of the SEC to furnish Trex Company with copies of all Section 16(a) reports they file. Based solely upon a review of Section 16(a) reports furnished to Trex Company for fiscal 2003 or written representations that no other reports were required, Trex Company believes that the foregoing reporting persons complied with all filing requirements for fiscal 2003.

STOCKHOLDER PROPOSALS FOR THE ANNUAL MEETING IN 2005

The provisions in Trex Company's

bylaws concerning notice of proposals by stockholders are not intended to affect any rights of stockholders to request inclusion of proposals in Trex Company's proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934.
