PROXY STATEMENT

GENERAL INFORMATION

Proxy Solicitation

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Trex Company, Inc. for use at Trex Company's 2006 annual meeting of stockholders to be held at Hampton Inn, 1204 Berryville Avenue, Winchester, Virginia, on Thursday, April 20, 2006, at 9:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

Trex Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by use of the mails, officers and other employees of Trex Company may solicit proxies by personal interview, telephone, e-mail and telegram. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. Trex Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. Trex Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

A list of stockholders entitled to vote at the annual meeting will be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours for a period of ten days before the meeting at Trex Company's offices at 160 Exeter Drive, Winchester, Virginia 22603-8605, and at the time and place of the meeting during the whole time of the meeting.

This proxy statement and the enclosed proxy card are first being mailed to Trex Company's stockholders on or about March 23, 2006.

Voting and Revocability of Proxies

A proxy for use at the annual meeting and a return postage-paid envelope are enclosed. Stockholders may also vote their shares through the Internet or by telephone by following the instructions provided on the enclosed proxy card.

Shares of Trex Company's common stock represented by a properly executed proxy, if the proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in the proxy. If no instructions are indicated, such shares will be voted **FOR** approval of each proposal listed on the proxy card. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any other matter is properly presented at the annual meeting for action, including a proposal to adjourn or postpone the annual meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the accompanying proxy will vote on such matter in their own discretion.

A vote through the Internet or by telephone may be revoked by executing a later-dated proxy card, by subsequently voting through the Internet or by telephone, or by attending the annual meeting and voting in

person. A stockholder executing a proxy card also may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to Trex Company's Secretary, by subsequently filing another proxy bearing a later date or by attending the annual meeting and voting in person. Attending the annual meeting will not automatically revoke a stockholder's prior Internet or telephone vote or the stockholder's proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary.

Voting Procedure

All holders of record of the common stock at the close of business on March 7, 2006 will be eligible to vote at the annual meeting. Each holder of common stock is entitled to one vote at the annual meeting for each share held by such stockholder. As of March 7, 2006, there were 14,909,229 shares of common stock outstanding.

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. Votes cast in person or by proxy at the annual meeting will be tabulated by the inspector of election appointed for the annual meeting, who will determine whether or not a quorum is present. Abstentions and any broker non-votes, which are described below, will be counted for purposes of determining the presence of a quorum at the annual meeting.

The election of directors requires a plurality of the votes cast for the election of directors. Accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Approval of the proposal to ratify the appointment of Trex Company's independent registered public accounting firm requires the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on this matter at the annual meeting. An abstention from voting on this proposal will have the same effect as a vote against such proposal.

Broker-dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically include the election of directors, when they have not received instructions from the customer. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given. A broker non-vote will not affect whether any proposal to be acted upon at the annual meeting is approved.

Annual Report to Stockholders and Other Information

A copy of Trex Company's annual report to stockholders for the 2005 fiscal year accompanies this proxy statement. Trex Company is required to file an annual report on Form 10-K for the 2005 fiscal year with the SEC. Stockholders may obtain, free of charge, a copy of the 2005 Form 10-K, without exhibits, by writing to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary. Trex Company also makes available on its web site at <http://www.trex.com> and in print to any stockholder who requests them copies of its corporate governance principles, its code of conduct and ethics, and the charters of each standing committee of its board of directors. Requests for copies of these documents should be directed to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary.

Important Notice Regarding Delivery of Stockholder Documents

If you and other residents at your mailing address own common stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report to stockholders and proxy statement for each company in which you hold shares through that broker or bank. The practice of sending only one copy of an annual report to stockholders and proxy statement is known as “householding.” If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of Trex Company’s annual report to stockholders and proxy statement to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to ADP Investor Communication Services, Householding Department, 51 Mercedes Way, Edgewood, New Jersey 11717 (telephone number: 1-800-542-1061). In any event, if you did not receive an individual copy of Trex Company’s annual report to stockholders or this proxy statement, and wish to do so, Trex Company will send a copy to you if you address your written request to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary, or call Trex Company at 540-542-6300. If you are receiving multiple copies of the annual report to stockholders and proxy statement, you can request householding by contacting Trex Company in the same manner. Trex Company encourages you to participate in this program. It will reduce the volume of duplicate information received at your household, as well as reduce Trex Company’s expense.

**ELECTION OF DIRECTORS
(Proposal 1)**

Nominees for Election as Directors

Trex Company's certificate of incorporation provides that the board of directors is to be divided into three classes of directors, with the classes to be as nearly equal in number as possible. The current terms of office of the three current classes of directors expire at this annual meeting, at the annual meeting of stockholders in 2007 and at the annual meeting of stockholders in 2008, respectively. Upon the expiration of the term of office of each class, the nominees for such class will be elected for a term of three years to succeed the directors whose terms of office expire.

In accordance with the recommendation of the nominating/corporate governance committee, Anthony J. Cavanna, Frank H. Merlotti, Jr. and Patricia B. Robinson have been nominated for election to the class with a three-year term that will expire at the annual meeting of stockholders in 2009. All of the nominees are incumbent directors. Mr. Cavanna has served on the board of directors since Trex Company's formation in 1998. Mr. Merlotti has served on the board of directors since February 2006. An executive search firm engaged by the nominating/corporate governance committee assisted the committee in identifying Mr. Merlotti. Ms. Robinson has served on the board of directors since 2000.

Approval of Nominees

Approval of the nominees requires the affirmative vote of a plurality of the votes cast at the annual meeting. Unless authority to do so is withheld, it is the intention of the persons named in the proxy to vote such proxy **FOR** the election of each of the nominees. If any of the nominees should become unable or unwilling to serve as a director, the persons named in the proxy intend to vote for the election of such substitute nominee for director as the board of directors may recommend. It is not anticipated that any of the nominees will be unable or unwilling to serve as a director.

The board of directors unanimously recommends that the stockholders of Trex Company vote FOR the election of the nominees to serve as directors.

Board of Directors and Committees of the Board of Directors

The board of directors currently consists of eight directors. The board of directors has a standing audit committee, a standing compensation committee and a standing nominating/corporate governance committee. The board of directors held eight meetings during Trex Company’s 2005 fiscal year. During fiscal 2005, each director attended at least 75% of the aggregate of the total number of meetings of the board of directors and of each committee of the board of directors on which such director served.

It is Trex Company’s policy that all directors should attend the annual meetings of Trex Company’s stockholders. All of the directors serving on the board of directors at that time attended the annual meeting of stockholders in 2005.

Director Independence. The board of directors has affirmatively determined that all of the current directors, other than Anthony J. Cavanna, Robert G. Matheny and Andrew U. Ferrari, are “independent” of Trex Company within the meaning of the rules governing NYSE-listed companies. For a director to be “independent” under the NYSE rules, the board of directors must affirmatively determine that the director has no material relationship with Trex Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with Trex Company.

Consistent with the official commentary to Section 303A.02(a) of the NYSE Listed Company Manual, the board of directors has adopted the following categorical standards of independence to assist it in determining whether a director has a material relationship with Trex Company. The following relationships between a

director and Trex Company will not be considered material relationships that would preclude a finding by the board of directors that such director is independent under the NYSE rules:

- employment of the director or the director's immediate family member by another company that makes payments to, or receives payments from, Trex Company or any of its subsidiaries for property or services in an amount which, in any single fiscal year, does not exceed the greater of \$1 million or 2% of such other company's consolidated gross revenues; and
- a relationship of the director or the director's immediate family member with a charitable organization, as an executive officer, board member, trustee or otherwise, to which Trex Company or any of its subsidiaries has made charitable contributions of not more than \$50,000 annually in any of the last three years.

Consistent with the NYSE rules, Trex Company's corporate governance principles require Trex Company's non-management directors to meet at least once each quarter without management present and, if the group of non-management directors includes any director who is not independent under NYSE rules, to meet at least once each year with only the independent directors present. The role of presiding director for each such executive session of directors rotates among members in succession, as determined by the members. The presiding director for each meeting is responsible for advising the Chairman of the Board of decisions reached, and of recommendations for action by the board of directors made, at such meeting.

Audit Committee. The audit committee, which held eight meetings during fiscal 2005, currently consists of Mr. Brunner, who is the Chairman, Mr. Martin and Ms. Robinson. The board of directors has determined that each of the members of the audit committee satisfies the independence standards of the New York Stock Exchange. The board of directors also has determined that Mr. Brunner is an "audit committee financial expert" as such term is defined in Item 401(h)(2) of Regulation S-K promulgated by the SEC, and is independent of management. The audit committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing Trex Company's independent registered public accounting firm, pre-approving all audit and non-audit services by the independent registered public accounting firm, reviewing the scope of the audit plan and the results of each audit with management and the independent registered public accounting firm, reviewing the internal audit function, reviewing the adequacy of Trex Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in Trex Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to Trex Company's code of conduct and ethics and other policies and procedures regarding adherence with legal requirements. A copy of the audit committee's charter, which was last amended in February 2006, is attached to this proxy statement as Appendix A.

Compensation Committee. The compensation committee, which held eleven meetings during fiscal 2005, currently consists of Mr. Andrews, who is the Chairman, Mr. Brunner and Mr. Martin. This committee is responsible for establishing the compensation and benefits of Trex Company's executive officers and other key employees, monitoring compensation arrangements applicable to management employees for consistency with corporate objectives and stockholders' interests, and administering Trex Company's stock incentive and benefit plans.

Nominating/Corporate Governance Committee. The nominating/corporate governance committee, which held four meetings during fiscal 2005, currently consists of Ms. Robinson, who is the Chairman, Mr. Andrews and Mr. Martin. This committee is responsible for recommending candidates for election to the board of directors and for making recommendations to the board of directors regarding corporate governance matters, including board size and membership qualifications, board committees, corporate organization, non-employee director compensation, succession planning for officers and key executives, programs for training and development of executive-level employees, and stockholder proposals regarding these matters.

Director Nominations Policy

The board of directors has, by resolution, adopted a director nominations policy. The purpose of the nominations policy is to set forth the process by which candidates for possible inclusion in Trex Company's recommended slate of director nominees are selected. The nominations policy is administered by the nominating/corporate governance committee of the board of directors.

The board of directors does not currently prescribe any minimum qualifications for director candidates. Consistent with the criteria for the selection of directors approved by the board of directors, the nominating/corporate governance committee will take into account Trex Company's current needs and the qualities needed for board service, including experience and achievement in business, finance, technology or other areas relevant to Trex Company's activities; reputation, ethical character and maturity of judgment; diversity of viewpoints, backgrounds and experiences; absence of conflicts of interest that might impede the proper performance of the responsibilities of a director; independence under SEC and NYSE rules; service on other boards of directors; sufficient time to devote to board matters; and ability to work effectively and collegially with other board members. In the case of incumbent directors whose terms of office are set to expire, the nominating/corporate governance committee will review such directors' overall service to Trex Company during their term, including the number of meetings attended, level of participation, quality of performance and any transactions of such directors with Trex Company during their term. For those potential new director candidates who appear upon first consideration to meet the board's selection criteria, the nominating/corporate governance committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates.

The nominating/corporate governance committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, Trex Company's advisers, and executive search firms. The committee will consider director candidates recommended by stockholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. The nominating/corporate governance committee has used in the past, and may use in the future, the services of an executive search firm to help identify candidates for director who meet the qualifications outlined above. The search firm screens the candidates, conducts reference checks, prepares a biography of each candidate for committee review and assists in arranging interviews. In making recommendations for director nominees for the annual meeting of stockholders, the nominating/corporate governance committee will consider any written recommendations of director candidates by stockholders received by the Secretary of Trex Company no later than 120 days before the anniversary of the previous year's annual meeting of stockholders. Recommendations must include the candidate's name and contact information and a statement of the candidate's background and qualifications, and must be mailed to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary.

The nominations policy is intended to provide a flexible set of guidelines for the effective functioning of Trex Company's director nominations process. The nominating/corporate governance committee intends to review the nominations policy at least annually and anticipates that modifications may be necessary from time to time as Trex Company's needs and circumstances evolve, and as applicable legal or listing standards change. The nominating/corporate governance committee may amend the nominations policy at any time.

Trex Company's bylaws provide that any stockholder wishing to nominate persons for election as directors at an annual meeting must deliver to the Secretary of Trex Company at Trex Company's principal office in Winchester, Virginia a written notice of the stockholder's intention to make such a nomination. The stockholder generally is required to furnish the notice no earlier than 120 days and no later than 90 days before the first anniversary of the preceding year's annual meeting. The notice must include the following information: (1) such information regarding each proposed nominee as would be required to be disclosed under SEC rules and regulations in solicitations of proxies for the election of directors in an election contest or otherwise; (2) the written consent of each proposed nominee to serve as a director of Trex Company; and (3) as to the stockholder giving the notice and the beneficial owner, if any, of common stock on whose behalf the nomination is made,

(a) the name and address of record of such stockholder and the name and address of such beneficial owner, (b) the class and number of shares of Trex Company's capital stock that are owned beneficially and of record by such stockholder and such beneficial owner, (c) a representation that the stockholder is a holder of record of Trex Company's capital stock entitled to vote at such meeting and intends to appear, in person or by proxy, at the meeting to propose such nomination and (d) a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group that intends to (A) deliver a proxy statement or form of proxy to holders of at least the percentage of Trex Company's outstanding capital stock required to elect the nominee or (B) otherwise solicit proxies for stockholders in support of such nomination. Trex Company may require any proposed nominee to furnish such other information as Trex Company may reasonably require to determine the eligibility of such proposed nominee to serve as a director of Trex Company.

Communications With the Board of Directors

The board of directors welcomes communications from its stockholders and other interested parties and has adopted a procedure for receiving and addressing those communications. Stockholders and other interested parties may communicate any concerns they may have about Trex Company directly and confidentially to either the full board of directors or the non-management directors as a group, or to any individual director, at the following address: Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary. A stockholder or other interested party may also call Trex Company's governance hotline at 1-800-719-4916 and press "2" for Trex Company's Secretary. An independent third-party vendor maintains Trex Company's governance hotline, and all calls are forwarded to Trex Company's Secretary. Trex Company's Secretary will review and forward all stockholder communications and other communications from interested parties to the intended recipient, except for those communications that are outside the scope of board matters or duplicative of other communications by the applicable person.

Director Compensation

Non-employee directors of Trex Company receive cash and stock-based compensation under the Trex Company, Inc. Amended and Restated 1999 Incentive Plan for Outside Directors, which is referred to in this proxy statement as the "Outside Director Plan." Until February 2006, the Outside Director Plan was administered by a committee consisting of Trex Company's Chief Executive Officer and Trex Company's Chief Financial Officer. Beginning in February 2006, the Outside Director Plan is administered by the nominating/corporate governance committee. All stock-based grants awarded as compensation to non-employee directors are issued under the Trex Company, Inc. 2005 Stock Incentive Plan, which (together with Trex Company's predecessor stock incentive plan that was amended and restated by the current plan) is referred to in this proxy statement as the "Stock Incentive Plan."

Upon their initial appointment to the board of directors, non-employee directors receive stock-based awards for or based on 2,000 shares of common stock. For service on the board of directors, each non-employee director receives an annual fee of \$20,000 and an annual stock-based grant for or based on 2,000 shares of common stock. In addition, each member of the audit committee (other than the chairman) is entitled to receive an annual committee fee of \$5,500, each member of the compensation and the nominating/corporate governance committees (other than their respective chairmen) is entitled to receive an annual committee fee of \$3,500, the chairman of the audit committee is entitled to receive an annual committee fee of \$10,000, and the chairmen of the compensation and the nominating/corporate governance committees are entitled to receive an annual committee fee of \$7,500. The \$20,000 annual director fee and the annual committee fees are paid in the form of cash or stock-based grants (based on the Black-Scholes valuation model), or a combination of these forms of consideration, based on the percentages of the forms of consideration elected by the serving director, in four equal quarterly installments in arrears on the first business day following each quarter of the fiscal year in which the eligible director completes board or committee service. The annual stock-based grants are made on the date of the first regularly scheduled board of directors meeting after June 30 of each year.

Before February 2006, the annual stock-based grants were made in the form of stock options. In February 2006, the board of directors amended the Outside Director Plan to provide that the board may make stock-based

grants in the form of stock-settled stock appreciation rights or stock options. As of February 2006, unless and until the board of directors determines otherwise, stock-based grants under the Outside Director Plan will be made in the form of stock-settled stock appreciation rights.

The table below shows compensation paid to the non-employee directors for their service in fiscal 2005.

<u>Name of Director</u>	<u>Options (1)</u>	<u>Cash (\$)</u>
William F. Andrews	2,000	37,615

Robert G. Matheny (4)	—	9,700
Patricia B. Robinson	2,000	38,385
Total	<u>16,073</u>	<u>150,875</u>

- (1) The amounts shown represent the number of shares of common stock subject to the options.
- (2) Mr. Cavanna was appointed to serve as Chairman and Chief Executive Officer of Trex Company effective on August 11, 2005. The amounts shown represent compensation received by Mr. Cavanna prior to August 11, 2005 for his service as a non-employee director.
- (3) Mr. Ferrari was appointed to serve as President and Chief Operating Officer of Trex Company effective on August 11, 2005. The amounts shown represent compensation received by Mr. Ferrari prior to August 11, 2005 for his service as a non-employee director.
- (4) Mr. Matheny retired as Chairman and Chief Executive Officer of Trex Company effective on August 11, 2005. The amounts shown represent compensation received by Mr. Matheny after August 11, 2005 for his service as a non-employee director.

The exercise price per share of each stock option is the fair market value of the common stock on the option grant date. Upon exercise of a vested stock appreciation right, the non-employee director will be entitled to receive a number of shares of common stock with a value based on the excess of the fair market value of the common stock on the vesting date over the fair market value of the common stock on the grant date. Each stock option or stock appreciation right granted vests on the first anniversary of the grant date. No option or stock appreciation right is exercisable more than ten years after the grant date. Upon the termination of a non-employee director's service for any reason (other than for cause), any options or stock appreciation rights granted to the director will vest, and the director will have the right, at any time within five years after the date of termination of service and before termination of the options or stock appreciation rights, to exercise any options or stock appreciation rights held by the director on the service termination date.

On December 19, 2005, the compensation committee approved the immediate and full acceleration of the vesting of each otherwise unvested stock option that had an exercise price greater than \$25.92 granted under the Stock Incentive Plan that was held by employees, officers and non-employee directors. Options to purchase 228 shares held by Mr. Brunner and options to purchase 443 shares held by Mr. Martin were accelerated as a result of this action. The compensation committee's action accelerated the exercisability of the foregoing options, held by Messrs. Brunner and Martin, by less than one year.

- (1) In accordance with SEC rules, information about compensation in the form of perquisites and other personal benefits has been omitted because such perquisites and other personal benefits constituted less than the lesser of \$50,000 or 10% of the total annual salary and bonus for the named executive officers other than for Mr. Pifer. The amounts shown in the "Other Annual Compensation" column in fiscal 2005 for Mr. Pifer include \$257,708 for expenses relating to relocation and \$5,694 representing reimbursement for federal and state taxes in connection with the use of a company-leased automobile. The amounts shown in the "Other Annual Compensation" column for the other named executive officers consist of the following: (a) for Mr. Cavanna, \$1,335 in fiscal 2005 and \$5,818 in fiscal 2003 representing reimbursement of federal and state taxes in connection with the use of a company-leased automobile; (b) for Mr. Ferrari, \$2,375 in fiscal 2005 and \$1,061 in fiscal 2003 representing reimbursement of federal and state taxes in connection with the use of a company-leased automobile; (c) for Mr. Monahan, \$5,300 in fiscal 2005, \$5,165 in fiscal 2004 and \$5,165 in fiscal 2003 representing reimbursement of federal and state taxes in connection with the use of a company-leased apartment, and \$5,441 in fiscal 2005, \$5,082 in fiscal 2004 and \$4,868 in fiscal 2003 representing reimbursement of federal and state taxes in connection with the use of a company-leased automobile; (d) for Mr. Fletcher, \$2,082 in fiscal 2005, \$5,082 in fiscal 2004 and \$5,818 in fiscal 2003 representing reimbursement of federal and state taxes in connection with the use of a company-leased automobile; and (f) for Mr. Matheny, \$5,219 in fiscal 2005, \$5,219 in fiscal 2004 and \$4,393 in fiscal 2003 representing reimbursement of federal and state taxes in connection with the use of a company-leased automobile.
- (2) The amounts shown in the "Restricted Stock Awards" column consists of restricted stock awards made in fiscal 2005 under the Stock Incentive Plan. The value shown is computed by multiplying the closing market

price of common stock on the grant date by the number of shares awarded. The value shown does not take into account the diminution in value attributable to the restrictions applicable to the shares of common stock. The restricted stock awards vest over a three-year period in approximately three equal installments beginning on the first anniversary of the grant date. Upon the occurrence of certain events described in the Stock Incentive Plan, such as a merger, consolidation or reorganization of Trex Company with one or more other entities in which Trex Company is not the surviving entity or upon a sale of substantially all of the assets of Trex Company to another entity, the unvested portion of the award will become immediately vested in accordance with the terms of the restricted stock agreement and the plan. The restricted common stock is entitled to dividends on the same basis as any dividends declared and paid on Trex Company's unrestricted common stock.

The following table shows the total number and value of unvested shares of restricted stock held by each named executive officer as of the end of fiscal 2005. The fiscal year-end value is based on a per share price of Trex Company's common stock of \$28.05, which was the closing price of the common stock on the New York Stock Exchange on December 30, 2005. The following table also shows the number and value of shares of restricted stock that vested in the last fiscal year.

- (1) All options granted to the named executive officers were granted under the Stock Incentive Plan and are exercisable for shares of common stock. Certain such options will vest with respect to one-third of the shares subject to the option on each of the first, second and third anniversaries of the date of grant, and certain such options were fully vested on the date of grant. On December 19, 2005, the compensation committee approved the immediate and full acceleration of the vesting of each otherwise unvested stock option that had an exercise price greater than \$25.92 granted under the Stock Incentive Plan that was held by employees, officers and non-employee directors. The vesting date of the following options granted to the named executive officers in fiscal 2005 were accelerated as a result of this action: options to purchase 563 shares held by Andrew U. Ferrari; options to purchase 26,076 shares held by Harold F. Monahan; options to purchase 21,035 shares held by Paul D. Fletcher; and options to purchase 57,000 shares held by Philip J. Pifer. Notwithstanding the acceleration of vesting, each of the executive officers agreed to refrain from selling, transferring, pledging or otherwise disposing of any shares of common stock acquired upon the exercise of accelerated options until the date on which the exercise would have otherwise been permitted under the options’ pre-acceleration vesting terms or, if earlier, the executive officer’s last day of employment or the occurrence of a transaction that otherwise would result in accelerated vesting of the options under the Stock Incentive Plan.
- (2) The term of each option may not exceed ten years.
- (3) The potential realizable value is calculated based on the fair market value on the date of grant, which is equal to the exercise price of the option, assuming that the shares appreciate in value from the option grant date compounded annually until the end of the option term at the rate specified, 5% or 10%, and that the option is exercised and sold on the last day of the option term for the appreciated share price. Potential realizable value is net of the option exercise price. The assumed rates of appreciation are specified in the rules and regulations of the SEC and do not represent Trex Company’s estimate or projection of future prices of the shares. There is no assurance provided to any named executive officer or any other holder of common stock that the actual stock price appreciation over the term of the applicable options will be at the assumed 5% and 10% levels or at any other defined level.
- (4) Mr. Pifer’s last day of employment with Trex Company was January 3, 2006. Under the terms of Mr. Pifer’s severance agreement with Trex Company and the Stock Incentive Plan, all unexercised options granted to Mr. Pifer in fiscal 2005 expire 90 days after his last day of employment. Mr. Matheny’s employment as

Chairman and Chief Executive Officer terminated effective on August 11, 2005. Cash Bonus Plan

Trex Company maintains an annual executive incentive compensation plan for the benefit of its Chief Executive Officer, other executive officers, and other key employees. Awards under the plan are made by the compensation committee.

Under the plan, Trex Company pays annual cash bonuses generally based upon the achievement of an earnings per share objective, which is approved annually by the compensation committee, although other factors may be considered. For each fiscal year, each participant in the plan is assigned a “target bonus,” which is expressed as a percentage of the participant’s annual base salary. The target bonus for the Chief Executive Officer is 80% of his annual base salary and the target bonus for the other executive officers can range from 55% to 75% of their annual base salaries. The actual amount of cash bonuses paid to executive officers is determined by multiplying their target bonus by a performance percentage, which is calculated based on the extent to which the performance objective is achieved. The performance percentage can range from 0% to 150%. The compensation committee has the discretion to award a bonus that exceeds the otherwise applicable maximum bonus determined as provided above, except that the value of the bonus may not exceed \$2,000,000 for any fiscal year for any employee.

Bonus payments are conditional upon the participant’s continued employment by Trex Company through the date of grant, and are pro-rated for employees who have served for less than a full year.

Long-Term Incentive Compensation

Trex Company maintains a long-term executive incentive compensation plan for the benefit of its Chief Executive Officer, other executive officers, and other key employees. Awards under the plan are in the form of equity-based awards under the Stock Incentive Plan and are made by the compensation committee.

Awards under the plan may be made in the form of stock options, stock appreciation rights, performance share awards and other equity-based awards under the Stock Incentive Plan. In making grants under the plan, the compensation committee considers each executive’s current performance and anticipated future contributions to Trex Company’s performance, as well as the amount and terms of other equity-based awards previously granted to the executive by Trex Company.

Severance Agreements

Robert G. Matheny resigned as Chairman and Chief Executive Officer of Trex Company effective on August 11, 2005. Under the terms of his severance agreement with Trex Company, dated as of October 19, 2005, Trex Company agreed to make severance payments to Mr. Matheny in the total amount of \$862,500 in bi-weekly installments in accordance with Trex Company's regular payroll policies and to pay all remaining amounts due on March 15, 2006. Trex Company also agreed to continue to provide to Mr. Matheny health, dental, prescription, disability and other insurance and certain other benefits through February 11, 2007. Under the severance agreement and the Stock Incentive Plan, Mr. Matheny's unvested options to purchase 104,101 shares of common stock vested as of August 11, 2005, and Mr. Matheny's grants of 6,089 shares of restricted stock vested as of October 19, 2005. Mr. Matheny's outstanding award of 12,778 performance shares, which he received in fiscal 2005, terminated upon his resignation.

Philip J. Pifer's last day of employment with Trex Company was January 3, 2006, when his position was eliminated in a reorganization. Mr. Pifer served as Trex Company's Senior Vice President, Sales and Marketing since July 2004. Under the terms of his severance agreement with Trex Company, dated as of March 6, 2006, Trex Company agreed to pay Mr. Pifer at his current annual base salary rate of \$285,000 through January 3, 2007 in accordance with Trex Company's regular payroll practices. Trex Company also agreed to provide Mr. Pifer health and dental insurance and certain other benefits through January 3, 2007. Under the severance agreement and the Stock Incentive Plan, Mr. Pifer's grant of 1,159 shares of restricted stock vested as of January 3, 2006. Mr. Pifer's outstanding award of 4,500 performance shares, which he received in fiscal 2005, terminated on January 3, 2006.

Report of the Compensation Committee

The compensation committee of the Trex Company, Inc. board of directors, which is composed exclusively of independent directors, offers this report regarding its executive compensation policy and compensation program in effect for fiscal 2005 for Trex Company's chief executive officer and other executive officers. This report, as well as the performance graph included in this proxy statement, are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of Trex Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language in any such filing.

Compensation Policy. The overall goal of the committee is to develop attractive, flexible and competitive compensation plans, policies and practices that both support the attainment of Trex Company's strategic business objectives and are aligned with shareholder interests. The committee uses the services of independent executive compensation consultants in developing and evaluating the effectiveness of Trex Company's compensation plans to achieve these objectives and in assessing the competitiveness and appropriateness of the compensation opportunities being provided to its executive officers based on company performance.

The committee compares executive compensation levels for Trex Company's Chief Executive Officer, other executive officers and other key employees to the compensation of executives employed by companies considered to be in Trex Company's peer group. The peer group encompasses a broad group of manufacturing companies in the consumer products and home furnishings industries with comparable market capitalizations, including some of the companies in the peer group reflected in the performance graph included in this proxy statement. The committee also compares Trex Company's short-term and long-term results to the performance of comparable companies when setting performance targets and evaluating results against those targets. The structure and benefits of Trex Company's compensation program are intended to be competitive with other programs for similarly placed employees of comparably sized peer companies for comparable levels of performance. The committee generally seeks to set annual base salary levels in line with the median of the peer group and total direct compensation opportunities at approximately midway between the 50th and 75th percentiles of the peer group in order to have a larger portion of compensation in the form of equity incentives aligned with increases in shareholder value and linked to performance, to encourage stock ownership by executives, and to promote executive retention.

Trex Company's executive compensation program for fiscal 2005 consisted of three elements, including a base salary, annual cash bonuses and long-term incentives in the form of stock option awards and other equity-based awards. Overall, these programs are intended to link executive compensation to Trex Company's net income and growth. Beginning in fiscal 2005, the committee implemented certain changes in Trex Company's executive compensation program in response to the introduction of an accounting charge for stock options and to strengthen the linkage of Trex Company's annual and long-term incentive compensation opportunities to performance-based objectives. As a result of these changes, the use of stock options has been reduced and the use of annual cash incentives and equity incentives based on Trex Company's growth and the achievement of performance objectives has been increased.

Base Salary. Base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the executive, and the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at public companies in Trex Company's peer group. Base salaries for executive officers are reviewed annually by the committee based upon, among other things, individual performance and responsibilities.

Annual Cash Bonuses. Trex Company pays annual cash bonuses to its Chief Executive Officer, other executive officers and other key employees generally based upon the achievement of an earnings per share objective, although other factors may be considered. Executive officers have the opportunity to earn cash bonuses equal to a varying percentage of their base salary, depending upon the extent to which the earnings per share objective for the fiscal year is achieved. Applying the bonus formula specified for fiscal 2005, the committee did not approve an annual bonus for the Chief Executive Officer or for the other executive officers.

Long-Term Incentive Compensation. In determining the amount of stock options, stock appreciation rights, performance share awards and other equity-based awards granted as long-term incentives, the committee considers each executive's current performance and anticipated future contributions to Trex Company's performance, as well as the amount and terms of equity-based awards previously granted to the executive by Trex Company. In fiscal 2005, as long-term incentives, the committee approved the grant under Trex Company's stock incentive plan of stock options for 33,824 shares of common stock and 12,778 performance shares to the Chief Executive Officer and stock options for a total of 39,576 shares of common stock and 14,884 performance shares to the other executive officers as a group.

In fiscal 2006, as long-term incentives, the committee approved the grant under the stock incentive plan of stock appreciation rights for 103,000 shares of common stock to the Chief Executive Officer and for a total of 128,000 shares of common stock to the other executive officers as a group, and the grant of 16,000 performance shares to the executive officers, other than the Chief Executive Officer and the Chief Operating Officer.

All stock options granted to executive officers in fiscal 2005 were non-qualified stock options. The exercise price per share of each stock option is the fair market value of the common stock on the option grant date. Upon exercise of a vested stock appreciation right granted under the stock incentive plan, the executive officers will be entitled to receive in settlement of such stock appreciation rights a number of shares of common stock with a value based on the excess of the fair market value of the common stock on the vesting date over the fair market value of the common stock on the grant date. Stock options granted in 2005 as long-term incentives and stock appreciation rights granted in 2006 as long-term incentives have a ten-year term and vest over a three-year period in three equal installments beginning on the first anniversary of the grant date. The options and stock appreciation rights increase in value only to the extent of appreciation in the common stock, thereby providing a clear link to enhancement of stockholder value. The performance share awards granted in fiscal 2005 and 2006 are deliverable on the third anniversary of the grant date if Trex Company satisfies performance objectives established by the committee for fiscal 2005, 2006 and 2007, in the case of the fiscal 2005 awards, and for fiscal 2006, 2007 and 2008, in the case of the fiscal 2006 awards. The actual number of shares ultimately awarded is also dependent on the extent to which such performance objectives are met.

In December 2005, the committee approved the immediate and full acceleration of the vesting of each otherwise unvested stock option that had an exercise price greater than \$25.92 granted under the stock incentive

plan that were held by employees, officers and non-employee directors. Because the accelerated options each had an exercise price in excess of the market value of the common stock based on the closing price of \$25.92 per share reported on the New York Stock Exchange on December 19, 2005, the acceleration was designed to minimize certain future compensation expense that Trex Company otherwise would have been required to recognize in its consolidated statement of operations with respect to those options under Financial Accounting Standards Board Statement No. 123 (revised 2004), "Share-Based Payment," which became effective for reporting periods beginning after December 31, 2005. The acceleration applied to stock option awards granted from 2002 through 2005 with respect to approximately 248,000 shares of common stock, including options to purchase approximately 105,000 shares held by four executive officers other than the Chief Executive Officer. The committee required that, as a condition to the acceleration of their stock options awards, the foregoing executive officers execute and deliver to Trex Company an agreement in which each such executive officer agreed to refrain from selling, transferring, pledging or otherwise disposing of any shares of common stock acquired upon the exercise of accelerated options until the date on which the exercise would have otherwise been permitted under the options' pre-acceleration vesting terms or, if earlier, the executive officer's last day of employment or the occurrence of a transaction that otherwise would result in accelerated vesting of the options under the stock incentive plan.

Potential Effect of Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code of 1986 generally sets a limit of \$1 million on the amount of compensation paid to executive employees (other than enumerated categories of compensation, including performance-based compensation) that may be deducted by a publicly traded company. The committee's policy is to seek to qualify executive compensation for deductibility to the extent that such a policy is consistent with Trex Company's overall objectives and executive compensation policy. Compensation attributable to stock options granted in fiscal 2005 under the stock incentive plan currently is excluded from the \$1 million limit as "qualified performance-based compensation" contained in applicable Treasury regulations. The committee believes that no compensation for fiscal 2005 is at risk of not being fully deductible.

**RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal 2)**

The audit committee of the board of directors has appointed Ernst & Young LLP as Trex Company's independent registered public accounting firm for Trex Company's fiscal year ending December 31, 2006. The board of directors is submitting this appointment for stockholder ratification at the annual meeting.

A representative of Ernst & Young will attend the annual meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions from stockholders.

Trex Company's bylaws do not require that stockholders ratify the appointment of Ernst & Young as Trex Company's independent registered public accounting firm. Trex Company is asking its stockholders to ratify this appointment because it believes such a proposal is a matter of good corporate practice. If the stockholders do not ratify the appointment of Ernst & Young, the audit committee will reconsider whether or not to retain Ernst & Young as Trex Company's independent registered public accounting firm, but may determine to do so. Even if the appointment of Ernst & Young is ratified by the stockholders, the audit committee may change the appointment at any time if it determines that a change would be in the best interests of Trex Company and its stockholders.

Approval of Proposal 2

Approval of this proposal will require the affirmative vote of holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on such matter at the annual meeting.

The board of directors unanimously recommends that the stockholders of Trex Company vote FOR the ratification of the appointment of Ernst & Young LLP as Trex Company's independent registered public accounting firm for the 2006 fiscal year.

Pre-Approval Policy

The audit committee pre-approves all audit and permissible non-audit services provided by Trex Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to report periodically to the audit committee regarding the extent of services provided by such firm in accordance with this pre-approval and the fees for the services performed to date. The audit committee also may pre-approve particular services on an engagement-by-engagement basis.

During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those

**REPORT OF THE AUDIT COMMITTEE OF THE
BOARD OF DIRECTORS OF TREX COMPANY, INC.**

The audit committee of the Trex Company board of directors is a standing committee composed of three non-employee directors who meet the independence and expertise requirements of the listing standards of the New York Stock Exchange. Further, pursuant to the rules of the Securities and Exchange Commission, the board of directors has determined that Paul A. Brunner qualifies as an “audit committee financial expert.” The audit committee operates under a written charter that is reviewed annually.

During the fiscal year ended December 31, 2005, the audit committee reviewed with Trex Company’s financial managers, the internal auditors and Ernst & Young LLP (“Ernst & Young”), Trex Company’s independent registered public accounting firm, the scope of the annual audit and audit plans, the results of internal and external audit examinations, the evaluation of Trex Company’s system of internal control, the quality of Trex Company’s financial reporting, and Trex Company’s process for legal and regulatory compliance. The audit committee also monitored the progress and results of the testing of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

Management is responsible for Trex Company’s system of internal control, the financial statements and the financial reporting process, and the assessment of the effectiveness of internal control over financial reporting. Ernst & Young is responsible for performing an integrated audit and issuing reports and opinions on the following: (1) Trex Company’s consolidated financial statements; (2) Trex Company’s internal control over financial reporting; and (3) management’s assessment of the effectiveness of Trex Company’s internal control over financial reporting. As provided in its charter, the audit committee’s responsibilities include monitoring and overseeing these processes.

Consistent with this oversight responsibility, Ernst & Young reports directly to the audit committee. The audit committee appointed Ernst & Young as Trex Company’s independent registered public accounting firm and approved the firm’s compensation.

The audit committee discussed with Ernst & Young the matters required to be discussed by the New York Stock Exchange, the Securities and Exchange Commission, the Public Company Accounting Oversight Board, and the American Institute of Certified Public Accountants’ Statement on Auditing Matters No. 61, *Communication with Audit Committee*, as amended. In addition, the audit committee has received from Ernst & Young the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and discussed with Ernst & Young the firm’s independence from Trex Company and its management.

In reliance on the review and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors has approved, the inclusion of the audited financial statements in Trex Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission.
