**PROXY STATEMENT**

---

**GENERAL INFORMATION**

**Proxy Solicitation**

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors of Trex Company, Inc. for use at Trex Company's 2003 annual meeting of stockholders to be held at Winchester Country Club, 1300 Senseny Road, Winchester, Virginia, on Thursday, May 8, 2003, at 9:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

Trex Company will pay the cost of this proxy solicitation. In addition to the solicitation of proxies by use of the mails, officers and other employees of Trex Company may solicit proxies by personal interview, telephone, e-mail and telegram. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. Trex Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. Trex Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

A list of stockholders entitled to vote at the annual meeting will be open to the examination of any stockholder, for any purpose germane to the meeting, during ordinary business hours for a period of ten days before the meeting at Trex Company's offices at 160 Exeter Drive, Winchester, Virginia 22603-8605, and at the time and place of the meeting during the whole time of the meeting.

This proxy statement and the enclosed proxy card are first being mailed to Trex Company's stockholders on or about April 3, 2003.

**Voting and Revocability of Proxies**

A proxy for use at the annual meeting and a return postage-paid envelope are enclosed. Stockholders may also vote their shares through the Internet or by telephone by following the instructions provided on the enclosed proxy card.

Shares of Trex Company's common stock represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in such proxy. If no instructions are indicated, such shares will be voted **FOR** the election of the two director nominees to Trex Company's board of directors and **FOR** the proposal to ratify the appointment of Ernst & Young LLP as Trex Company's independent auditors for the 2003 fiscal year. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any other matter is properly presented at the annual meeting for action, including a proposal to adjourn or postpone the annual meeting to permit the Company to solicit additional proxies in favor of any proposal, the persons named in the accompanying proxy will vote on such matter in their own discretion.

A vote through the Internet or by telephone may be revoked by executing a later-dated proxy card, by subsequently voting through the Internet or by telephone, or by attending the annual meeting and voting in person. A stockholder executing a proxy card also may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to Trex Company's Secretary, by subsequently filing another proxy bearing a later date or by attending the annual meeting and voting in person. Attending the annual meeting will not automatically revoke a stockholder's prior Internet or telephone vote or the stockholder's proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary.

### **Voting Procedure**

All holders of record of the common stock at the close of business on March 18, 2003 will be eligible to vote at the annual meeting. Each holder of common stock is entitled to one vote at the annual meeting for each share held by such stockholder. As of March 18, 2003, there were 14,654,032 shares of common stock outstanding.

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the annual meeting. Votes cast in person or by proxy at the annual meeting will be tabulated by the inspector of election appointed for the annual meeting, who will determine whether or not a quorum is present. Abstentions and any broker non-votes, which are described below, will be counted for purposes of determining the presence of a quorum at the annual meeting.

The election of directors requires a plurality of the votes cast for the election of directors. Accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to ratify the appointment of Trex Company's independent auditors. An abstention from voting on this proposal will have the same effect as a vote against the proposal.

Broker-dealers who hold their customers' shares in street name may, under the applicable rules of the exchanges and other self-regulatory organizations of which the broker-dealers are members, vote the shares of their customers on routine proposals, which under such rules typically include the election of directors, when they have not received instructions from the customer. Under these rules, brokers may not vote shares of their customers on non-routine matters without instructions from their customers. A broker non-vote occurs with respect to any proposal when a broker holds shares of a customer in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given. A broker non-vote will not affect whether any proposal to be acted upon at the annual meeting is approved.

### **Annual Report to Stockholders**

A copy of Trex Company's annual report to stockholders for the 2002 fiscal year accompanies this proxy statement. Trex Company is required to file an annual report on Form 10-K for the 2002 fiscal year with the SEC. Stockholders may obtain, free of charge, a copy of the 2002 Form 10-K, without exhibits, by writing to Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Secretary. The annual report on Form 10-K is also available through Trex Company's web site at <http://www.trex.com>. The annual report to stockholders and the Form 10-K are not proxy soliciting materials.

**Important Notice Regarding Delivery of Stockholder Documents**

If you and other residents at your mailing address own common stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report to stockholders and proxy statement for each company in which you hold shares through that broker or bank. This practice of sending only one copy of an annual report to stockholders and proxy statement is known as “householding.” If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of our annual report to stockholders and proxy statement to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to Householding Department, 51 Mercedes Way, Edgewood, New Jersey 11717 (telephone number: 1-800-542-1061). The revocation of your consent to householding will be effective 30 days following its receipt. In any event, if you did not receive an individual copy of our annual report to stockholders or this proxy statement, we will send a copy to you if you address your written request to or call Trex Company, Inc., 160 Exeter Drive, Winchester, Virginia 22603-8605, Attention: Corporate Secretary, or call us at 540-542-6300. If you are receiving multiple copies of our annual report to stockholders and proxy statement, you can request householding by contacting our corporate secretary in the same manner.

## SECURITY OWNERSHIP

The following table presents, as of February 28, 2003, information based upon Trex Company's records and filings with the SEC regarding beneficial ownership of the common stock by the following persons:

- each person known to Trex Company to be the beneficial owner of more than 5% of the common stock;
- each director and each nominee to the board of directors;

The information presented below regarding beneficial ownership of Trex Company's common stock has been presented in accordance with rules of the SEC and is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, a person is deemed to be a "beneficial owner" of a security if that person has or shares the power to vote or direct the voting of the security or the power to dispose or direct the disposition of the security. A person is also deemed to be the beneficial owner of any security as to which a person has the right to acquire sole or shared voting or investment power within 60 days through the conversion or exercise of any convertible security, warrant, option or other right. More than one person may be deemed to be a beneficial owner of the same securities.

## **ELECTION OF DIRECTORS (Proposal 1)**

### **Nominees for Election as Directors**

Trex Company's certificate of incorporation provides that the board of directors is to be divided into three classes of directors, with the classes to be as nearly equal in number as possible. The terms of office of the three current classes of directors expire at this annual meeting, at the annual meeting of stockholders in 2004 and at the annual meeting of stockholders in 2005, respectively. Upon the expiration of the term of office of each class, the nominees for such class will be elected for a term of three years to succeed the directors whose terms of office expire.

Anthony J. Cavanna and Patricia B. Robinson have been nominated for election to the class with a three-year term that will expire at the annual meeting of stockholders in 2006. Both nominees are incumbent directors and have been recommended for re-election to the board of directors by the nominating/corporate governance committee and nominated for re-election by the board of directors. Mr. Cavanna has served on the board of directors since Trex Company's formation in September 1998. Ms. Robinson has served on the board of directors since November 2000.

On February 26, 2003, the board of directors increased the size of the board from seven to eight members and appointed Paul A. Brunner as a director of Trex Company for an initial term of office expiring at the annual meeting of stockholders in 2004. Roger A. Wittenberg, whose term of office will expire at this annual meeting, previously had informed the board of directors that he did not wish to stand for re-election as a director. If both Mr. Cavanna and Ms. Robinson are elected as directors at this annual meeting, there would remain one vacancy on the board of directors. Notwithstanding this vacancy, proxies cannot be voted at the annual meeting to elect more than two persons as directors.

**Approval of Nominees**

Approval of the nominees requires the affirmative vote of a plurality of the votes cast at the annual meeting. Unless authority to do so is withheld, it is the intention of the persons named in the proxy to vote such proxy **FOR** the election of each of the nominees. In the event that any nominee should become unable or unwilling to serve as a director, the persons named in the proxy intend to vote for the election of such substitute nominee for director as the board of directors may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

The board of directors unanimously recommends that the stockholders of Trex Company vote **FOR** the election of the nominees to serve as directors.

### **Board of Directors and Committees of the Board of Directors**

The board of directors held six meetings during Trex Company's 2002 fiscal year. During fiscal 2002, each director attended at least 75% of the aggregate of the total number of meetings of the board of directors and of each committee of the board of directors on which such director served.

The board of directors currently has a standing audit committee, a standing compensation committee and a standing nominating/corporate governance committee.

The audit committee, which held five meetings during fiscal 2002, consisted in fiscal 2002 of Mr. Martin, who is the Chairman, Mr. Andrews and Ms. Robinson. Mr. Brunner was appointed to the audit committee on February 26, 2003 at the time of his appointment to the board of directors. The board of directors has determined that each of the members of the audit committee satisfies the independence standards of the New York Stock Exchange. The audit committee is responsible, among its other duties, for engaging, overseeing, evaluating and replacing Trex Company's independent auditors, pre-approving all audit and non-audit services by the independent auditors, reviewing the scope of the audit plan and the results of each audit with management and the independent auditors, reviewing the internal audit function, reviewing the adequacy of Trex Company's system of internal accounting controls and disclosure controls and procedures, reviewing the financial statements and other financial information included in Trex Company's annual and quarterly reports filed with the SEC, and exercising oversight with respect to Trex Company's code of conduct and other policies and procedures regarding adherence with legal requirements. The audit committee's duties are set forth in the committee's charter, which was last amended by the board of directors on February 26, 2003. A copy of the current audit committee charter is attached to this proxy statement as Appendix A.

The compensation and governance committee, which held three meetings during fiscal 2002, consisted of Mr. Andrews, who was Chairman, Mr. Martin and Ms. Robinson. On October 31, 2002, the board of directors reconstituted the compensation and governance committee to create two separate committees: a compensation committee and a nominating/corporate governance committee. The compensation committee currently consists of Ms. Robinson, who is the Chairman, Mr. Andrews and Mr. Martin. This committee is responsible for establishing the compensation and benefits of Trex Company's executive officers, monitoring compensation arrangements applicable to management employees for consistency with corporate objectives and stockholders' interests, and administering Trex Company's Amended and Restated 1999 Stock Option and Incentive Plan.

The nominating/corporate governance committee, which was formed by the board of directors on October 31, 2002, currently consists of Mr. Andrews, who is Chairman, Mr. Martin and Ms. Robinson. The committee is responsible for recommending candidates for election to the board of directors and for making recommendations to the board of directors regarding corporate governance matters, including board size and membership qualifications, board committees, corporate organization, selection and succession planning for officers and key executives, programs for training and development of executive-level employees, and stockholder proposals regarding these matters.

Trex Company's bylaws provide that any stockholder wishing to nominate persons for election as directors at an annual meeting must deliver to the Secretary of Trex Company at Trex Company's principal office in Winchester, Virginia, a written notice of the stockholder's intention to make such a nomination. The stockholder generally is required to furnish the notice no earlier than 120 days and no later than 90 days before the first anniversary of the preceding year's annual meeting. The notice must include the following information: (1) such information regarding each proposed nominee as would be required to be disclosed under SEC rules and regulations in solicitations of proxies for the election of directors in an election contest or otherwise; (2) the written consent of each proposed nominee to serve as a director of Trex Company; and (3) as to the stockholder giving the notice and the beneficial owner, if any, of common stock on whose behalf the nomination is made, (a) the name and address of record of such stockholder and the name and address of such beneficial owner, (b) the class and number of shares of Trex Company's capital stock that are owned beneficially and of record by such stockholder and such beneficial owner, (c) a representation that the stockholder is a holder of record of Trex Company's capital stock entitled to vote at such meeting and intends to appear, in person or by proxy, at the meeting to propose such nomination and (d) a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends to (A) deliver a proxy statement or form of proxy to holders of at least the percentage of Trex Company's outstanding capital stock required to elect the nominee or (B) otherwise solicit proxies for stockholders in support of such nomination. Trex Company may require any proposed nominee to furnish such other information as Trex Company may reasonably require to determine the eligibility of such proposed nominee to serve as a director of Trex Company.

### **Director Compensation**

*Fees.* Under Trex Company's Amended and Restated 1999 Incentive Plan for Outside Directors, which is referred to in this proxy statement as the "Outside Director Plan," directors who are not employees of Trex Company receive an annual fee paid in the form of (1) stock options valued at \$20,000, based on the Black-Scholes valuation model, and (2) \$20,000 in cash, stock options, or cash and stock options based on the percentages of these forms of consideration elected by the serving director. Trex Company pays its non-employee directors these fees in arrears on a quarterly basis. Mr. Andrews, Mr. Martin and Ms. Robinson, Trex Company's three non-employee directors in 2002, each received payment of their 2002 fees in the form of options to purchase 1,065 shares of common stock valued at \$20,000 and \$20,000 in cash.

The Outside Director Plan is administered by an administrative committee consisting of Trex Company's President and Trex Company's Chief Financial Officer.

*Stock Option Grants.* Trex Company's current policy is to grant non-employee directors options to purchase 1,500 shares of common stock upon their initial appointment to the board of directors. The options are granted under Trex Company's Amended and Restated 1999 Stock Option and Incentive Plan, which is referred to in this proxy statement as the "Stock Incentive Plan."

The exercise price per share under each option granted to a non-employee director upon appointment or in payment of annual fees is the fair market value of the common stock on the option grant date. Each such option awarded in 2002 and in subsequent periods vests on the first anniversary of the option grant date. No option is exercisable more than ten years after the option grant date. Upon the termination of a non-employee director's service for any reason (other than for cause), any options granted to the director under the Stock Incentive Plan become vested, and the director has the right, at any time within five years after the date of termination of service and prior to termination of the options, to exercise any options held by the director on the service termination date.

The board of directors amended and restated the Outside Director Plan in 2002. Before the adoption of the amendments, options awarded to non-employee directors vested with respect to one-fourth of the shares subject to the options on each of the first, second, third and fourth anniversaries on the option grant date. In connection with the adoption of the amendments, one of which provides for full vesting of new options on the first

anniversary of the grant date, the board of directors approved accelerated vesting of all options which had been outstanding for at least one year. Accelerated vesting applied to options to purchase 3,234 shares held by Mr. Andrews, options to purchase 4,832 shares held by Mr. Martin and options to purchase 2,972 shares held by Ms. Robinson. The amendments also extended to five years from periods ranging from 90 days to one year the option exercisability period following termination of a non-employee director's service. The amended exercisability provision was applied to all outstanding options held by non-employee directors.

The board of directors also amended and restated the Stock Incentive Plan in 2002 to extend to five years from periods ranging from one to three years the option exercisability period following the termination of an employee director's employment on account of the employee director's death, disability or retirement. The amended exercisability provisions will be applied to all options granted on or after May 14, 2002. The compensation committee of the board of directors also resolved that all unexercised options granted under the Stock Incentive Plan and held by the employee directors as of the amendment date were amended to provide for full vesting of the options upon the optionee's "involuntary termination" within a one-year period following a "change in control" of Trex Company. The new vesting terms applied to all then-outstanding options held by the employee directors, including options to purchase 23,935 shares held by Mr. Matheny, options to purchase 23,084 shares held by Mr. Cavanna, options to purchase 22,228 shares held by Mr. Ferrari and options to purchase 22,228 shares held by Mr. Wittenberg. For this purpose, "change in control" means (1) the dissolution or liquidation of Trex Company or a merger, consolidation, or reorganization of Trex Company with one or more other entities in which Trex Company is not the surviving entity, (2) a sale of substantially all of the assets of Trex Company to another person or entity or (3) any transaction (including, without limitation, a merger or reorganization in which Trex Company is the surviving entity) which results in any person or entity (other than persons who are stockholders or affiliates immediately prior to the transaction) owning 50% or more of the combined voting power of all classes of stock of Trex Company. "Involuntary termination" means a termination of employment by Trex Company for a reason other than for cause or by the employee director if Trex Company takes any action which results in a diminution in any material respect of the employee director's position (including status, offices, titles and reporting requirements), compensation, or authority, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action which is not taken in bad faith and which is remedied by Trex Company promptly after receipt of notice thereof is given by the optionee.

- (4) Represents the dollar value of a restricted stock award made on March 19, 2002 under the Stock Incentive Plan. The value shown is computed by multiplying the closing market price of common stock on the grant date by the number of shares awarded, net of the consideration (equal to the par value of such stock) paid by Mr. Monahan. The value shown does not take into account the diminution in value attributable to the restrictions applicable to the shares of common stock. The restricted stock award vests over a five-year period in approximately three equal installments beginning on the third anniversary of the grant date. Upon the occurrence of certain events described in the Stock Incentive Plan, such as a merger, consolidation or reorganization of Trex Company with one or more other entities in which Trex Company is not the surviving entity or upon a sale of substantially all of the assets of Trex Company to another entity, the unvested portion of the award will become immediately vested in accordance with the terms of the restricted stock agreement and the Stock Incentive Plan. The restricted common stock is entitled to dividends on the same basis as any dividends declared and paid on Trex Company's unrestricted common stock.

**Stock Option Grants in Fiscal 2002**

The following table sets forth information concerning all stock options granted in fiscal 2002 to the named executive officers.

Name	Number of Shares Underlying Options Granted (1)	Percentage of Total Options Granted to Employees in Fiscal Year	Exercise Price (\$/Share)	Expiration Date (2)	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (3)	
					5% (\$)	10% (\$)

Roger A. Wittenberg	—	—	—	—	—	—
Harold F. Monahan	24,630	15	20.00	2/21/12	310,000	785,000

- (1) All options granted to the named executive officers were granted under the Stock Incentive Plan and are exercisable for shares of common stock. Each such option will vest with respect to one-fourth of the shares subject to the option on each of the first, second, third and fourth anniversaries of the date of grant. The Stock Option Plan permits limited donative transfers of non-qualified options to members of the optionee's immediate family and related trusts and similar entities, to the extent permitted by the board of directors.
- (2) The term of each option may not exceed ten years.
- (3) The potential realizable value is calculated based on the fair market value on the date of grant, which is equal to the exercise price of the option, assuming that the shares appreciate in value from the option grant date compounded annually until the end of the option term at the rate specified, 5% or 10%, and that the option is exercised and sold on the last day of the option term for the appreciated share price. Potential realizable value is net of the option exercise price. The assumed rates of appreciation are specified in the rules and regulations of the SEC and do not represent Trex Company's estimate or projection of future prices of the shares. There is no assurance provided to any named executive officer or any other holder of common stock that the actual stock price appreciation over the term of the applicable options will be at the assumed 5% and 10% levels or at any other defined level.

(2) Represents 889,504 shares available for future issuance under the Stock Incentive Plan and 268,428 shares available for future issuance under the Trex Company, Inc. 1999 Employee Stock Purchase Plan. The board of directors amended and restated the Stock Incentive Plan in 2002 to extend to five years from periods ranging from one to three years the option exercisability period following the termination of an optionee's employment on account of the optionee's death, disability or retirement. The amended exercisability provisions will be applied to all options granted on or after May 14, 2002. The compensation committee of the board of directors also resolved that all unexercised options granted under the Stock Incentive Plan and held by executive officers as of the amendment date were amended to provide for full vesting of the options upon the

executive officer's "involuntary termination" within a one-year period following a "change in control" of Trex Company. The new vesting terms applied to all then-outstanding options held by executive officers as of the amendment date, including options to purchase 23,935 shares held by Mr. Matheny, options to purchase 23,084 shares held by Mr. Cavanna, options to purchase 22,228 shares held by Mr. Ferrari, options to purchase 22,228 shares held by Mr. Wittenberg and options to purchase 50,476 shares held by Mr. Monahan. For this purpose, "change in control" means (1) the dissolution or liquidation of Trex Company or a merger, consolidation, or reorganization of Trex Company with one or more other entities in which Trex Company is not the surviving entity, (2) a sale of substantially all of the assets of Trex Company to another person or entity or (3) any transaction (including, without limitation, a merger or reorganization in which Trex Company is the surviving entity) which results in any person or entity (other than persons who are stockholders or affiliates immediately prior to the transaction) owning 50% or more of the combined voting power of all classes of stock of Trex Company. "Involuntary termination" means a termination of employment by Trex Company for a reason other than for cause or by the officer if Trex Company takes any action which results in a diminution in any material respect of the officer's position (including status, offices, titles and reporting requirements), compensation, or authority, duties or responsibilities, excluding for this purpose an isolated, insubstantial and inadvertent action which is not taken in bad faith and which is remedied by Trex Company promptly after receipt of notice thereof is given by the optionee.

### **Report of the Compensation Committee**

The compensation committee of the Trex Company, Inc. board of directors, which is composed exclusively of non-employee directors, offers this report regarding its executive compensation policy and compensation program in effect for fiscal 2002 for Trex Company's chief executive officer, who is the president, and Trex Company's other executive officers. This report, as well as the performance graph on page 16, are not soliciting materials, are not deemed filed with the SEC and are not incorporated by reference in any filing of Trex Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language in any such filing.

*Compensation Policy.* The overall goal of the committee is to develop compensation policies and practices that support the attainment of Trex Company's strategic business objectives. The committee uses the services of independent executive compensation consultants in developing and evaluating compensation plans to achieve these objectives.

The committee compares executive compensation levels for the chief executive officer and Trex Company's other executive officers to the compensation of executives employed by companies considered to be in Trex Company's peer group. The committee also compares Trex Company's short-term and long-term results to the performance of comparable companies.

Trex Company's executive compensation program includes a base salary, annual cash bonuses and long-term incentive compensation in the form of stock option awards and other equity-based awards. Overall, these programs are intended to link executive compensation to Trex Company's performance. The committee believes that a substantial portion of cash compensation should be tied to performance-based objectives. To encourage equity ownership by Trex Company's executives and to link executive compensation with increases in stockholder value, the committee's policy is to provide that a significant portion of total executive compensation will be in the form of periodic stock option and other equity-based awards.

*Base Salary.* Base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the executive, and the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at public companies considered to be in Trex Company's peer group. Base salaries for executive officers are reviewed annually by the committee based upon, among other things, individual performance and responsibilities.

*Annual Cash Bonuses.* Trex Company pays annual cash bonuses to its executive officers based upon the achievement of a net income objective. This objective is established at a level that is intended to assure that, if achieved, the level will represent a significant improvement in stockholder value. Executive officers have the opportunity to earn cash bonuses equal to a varying percentage of their base salary, depending upon the attainment of this objective.

Applying the bonus formula specified for fiscal 2002, the committee approved an annual bonus for the chief executive officer and the other executive officers equal to 160% of their target annual bonuses. All target annual bonuses for a fiscal year are measured as a percentage of the executive's base salary for that fiscal year.

*Long-Term Incentive Compensation.* In determining the amount of stock option awards under the 1999 Stock Option and Incentive Plan, the committee considers each executive's current performance and anticipated future contributions to Trex Company's performance, as well as the amount and terms of the options previously granted to the executive by Trex Company. The committee in fiscal 2003 approved the grant of stock options under the 1999 Stock Option and Incentive Plan for 14,458 shares of common stock to the chief executive officer and for a total of 57,543 shares of common stock to the executive officers in the aggregate, including the chief executive officer. In addition, the committee in fiscal 2002 approved a special award to one executive officer of 40,000 shares of restricted stock under the 1999 Stock Option and Incentive Plan. The grant of stock options to the chief executive officer and the other executive officers in fiscal 2003 and the restricted stock grant in fiscal 2002 were based on the committee's assessment of both the past contributions of the executive officers and their anticipated role in increasing stockholder value.

All stock options granted to executive officers in fiscal 2003 were non-qualified stock options with an exercise price that was equal to the fair market value of Trex Company's common stock on the date of grant. The options increase in value only to the extent of appreciation in the common stock, thereby providing a clear link to enhancement of stockholder value. To emphasize the long-term incentive provided by these stock options, the options vest in equal increments over a four-year period.

*Potential Effect of Section 162(m) of the Internal Revenue Code.* Section 162(m) of the Internal Revenue Code of 1986 generally sets a limit of \$1 million on the amount of compensation paid to executive employees (other than enumerated categories of compensation, including performance-based compensation) that may be deducted by a publicly traded company. The committee's policy is to seek to qualify executive compensation for deductibility to the extent that such a policy is consistent with Trex Company's overall objectives and executive compensation policy. Compensation attributable to stock options and other awards granted under the 1999 Stock Option and Incentive Plan currently is excluded from the \$1 million limit as "qualified performance-based compensation" contained in applicable Treasury regulations. The committee believes that no compensation for fiscal 2002 is at risk of not being fully deductible.

Respectfully submitted,

THE COMPENSATION COMMITTEE

William F. Andrews  
William H. Martin, III  
Patricia B. Robinson

### **Compensation Committee Interlocks and Insider Participation**

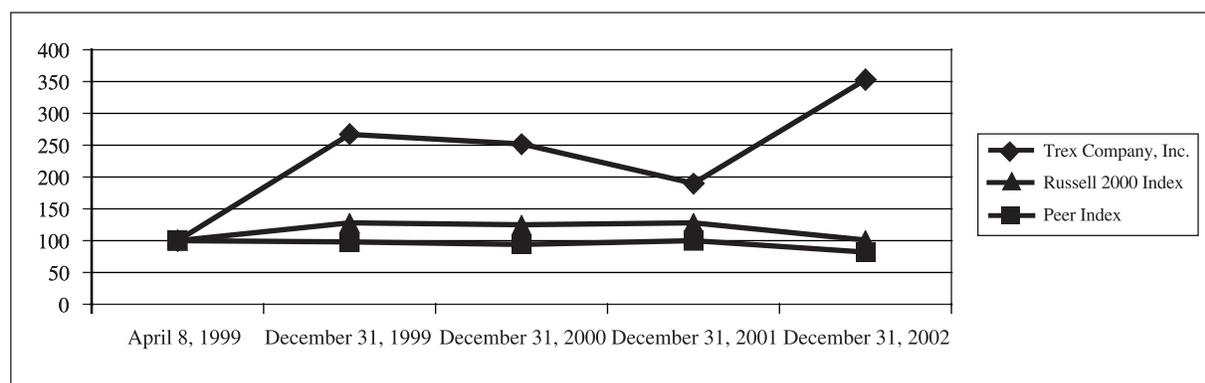

The compensation committee of the board of directors during fiscal 2002 was composed of William F. Andrews, who was the Chairman, William H. Martin, III and Patricia B. Robinson. No member of the compensation committee was an officer or employee of Trex Company or any subsidiary of Trex Company during fiscal 2002. ## Stockholder Return Performance Graph

The following graph and table show the cumulative total stockholder return on Trex Company's common stock compared to the Russell 2000 Index and a self-constructed peer group index for the periods between April 8, 1999, which was the date the common stock began trading on the New York Stock Exchange, and December 31, 2002, which was the last trading day in fiscal 2002. The peer group index is composed of the following public companies: U.S. Plastic Lumber Corp. and Advanced Environmental Recycling Technologies, Inc., each of which markets non-wood decking alternative products; and Masco Corporation, Elcor Corporation, Restoration Hardware, Inc., American Woodmark Corporation and Ethan Allen Interiors Inc., each of which emphasizes product branding and engages in manufacturing and distribution of products to the building and consumer products industries. The graph assumes \$100 was invested on April 8, 1999 in (1) Trex Company common stock, (2) the peer group index and (3) the Russell 2000 Index, and assumes reinvestment of dividends and market capitalization weighting as of April 8, 1999 and December 31, 1999, 2000, 2001 and 2002.

Even if the appointment of Ernst & Young is ratified by the stockholders, the audit committee may change the appointment at any time during the year if it determines that a change would be in the best interests of Trex Company and its stockholders.
